Please save the dates.

The Assembly's Committee for Publication and Research has selected the speakers for this year's joint Assembly-Forum Professional Colloquia series. It was a competitive year with eight very interesting submissions for two remaining slots (the first slot was a rescheduled session from Fall 2009).

Formal invitations will be sent out in advance of the individual talks. All of the presentations will be held in the Sacerdote Lecture Hall from 2:30-4:00 pm. The speakers are:

- January 20, 2010: *George Bisacca, Department of Paintings Conservation (on Durer panels at the Prado)*
- March 24, 2010: *Lisa Messinger, Department of Nineteenth-Century, Modern, and Contemporary Art (on Georgia O'Keeffe's first trip to New Mexico)*
- May 19, 2010: *Chris Lightfoot, Department of Greek and Roman Art (on his excavations at Amorium, Turkey)*
